Steering Committee Members

The Steering Committee is made up of scientists, clinicians, RCC leadership and persons with lived experience from multiple organizations and institutions from across the US.

Principal Investigators:

John F. Kelly

Bettina B. Hoeppner

Robert D. Ashford

Patty McCarthy

Julia Ojeda

Philip Rutherford

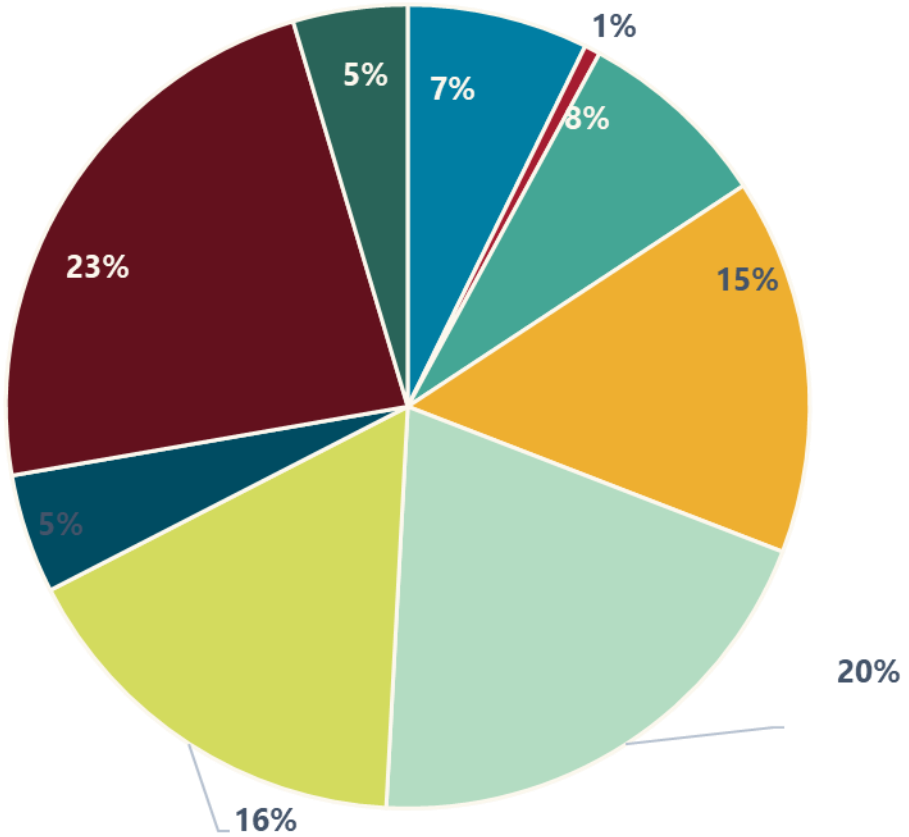
Brandon G. Bergman

Lauren A. Hoffman

Vinod Rao

Amy A. Mericle

Seminar Attendee Demographics



- Healthcare decision maker (e.g., hospital leadership, department of health, etc.)
- Prescriber (of medications for OUD)
- Clinician
- Scientist
- RCC leader / staff
- Peer support worker / volunteer
- RCC participant
- Recovery advocate
- None of the above

The Consortium on Addiction Recovery Science (CoARS)

(https://www.recoveryanswers.org/coars/)

CoARS collective mission:

(PI: Aaron Hogue, Partnership to End Addiction - https://drugfree.org/staff/aaron-hogue/)

To advance the science on recovery support services through research networking, training and mentoring students and early career scientists, and building community partnerships.

- **Pilot study funding**
  - On recovery community centers (https://www.recoveryanswers.org/addiction-research-summaries/funding-for-pilot-studies/) – LOI deadline: October 1st
  - On recovery housing (https://istarr.arg.org/pilot-studies/) – LOI deadline: November 13th
- **Work groups and Seminars**
  - Monthly webinar series on recovery housing (presented by the I-STARR team): Next one: "Treatments and Medications for OUD and MAR" November 7, 2023, 2pm EST (https://istarr.arg.org/webinars-training/)
- **Postdoctoral fellowship positions**
  - Emerging adults, UConn - contact Kristyn Zajac (zajac@uchc.edu); for details: https://health.uconn.edu/contingency-management/wp-content/uploads/sites/119/2023/01/CHEARR-Post-doc-flyer-FINAL1-1.pdf
- **CHEARR Young Adults in Recovery Community Board**
  - Looking for young adults (ages 18-28) who are in recovery and have lived experience receiving treatment involving medications for opioid use disorder. https://chearr.org/#community-boards

RCC Live Feature

We are featuring a different RCC at the start of each of our seminars in order to allow all participants to learn first-hand about RCCs

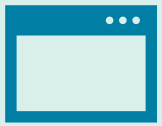
Polling Questions



A pop-up Zoom window will appear with the poll questions

You must complete all questions before clicking to submit

⇢ Remember to scroll down to see all the questions!

We will share the poll results after a few minutes

Your responses will remain anonymous

Setting the Stage

- Our team conducted a nationwide survey of Recovery Community Centers in 2021.
  - Results presented in our Sept. 2022 and Oct. 2022 seminars.
- In this survey we asked, "Does your RCC currently have a standardized way to assess if/how clients/participants progress in their recovery or benefit from the services of your center/organization?"
  - 69% said "Yes."

Recovery Data Platform

Taking a closer look at the Recovery Data Platform (RDP) and how it assists RCOs with individual and organizational data analytics of recovery.

FACES & VOICES OF RECOVERY

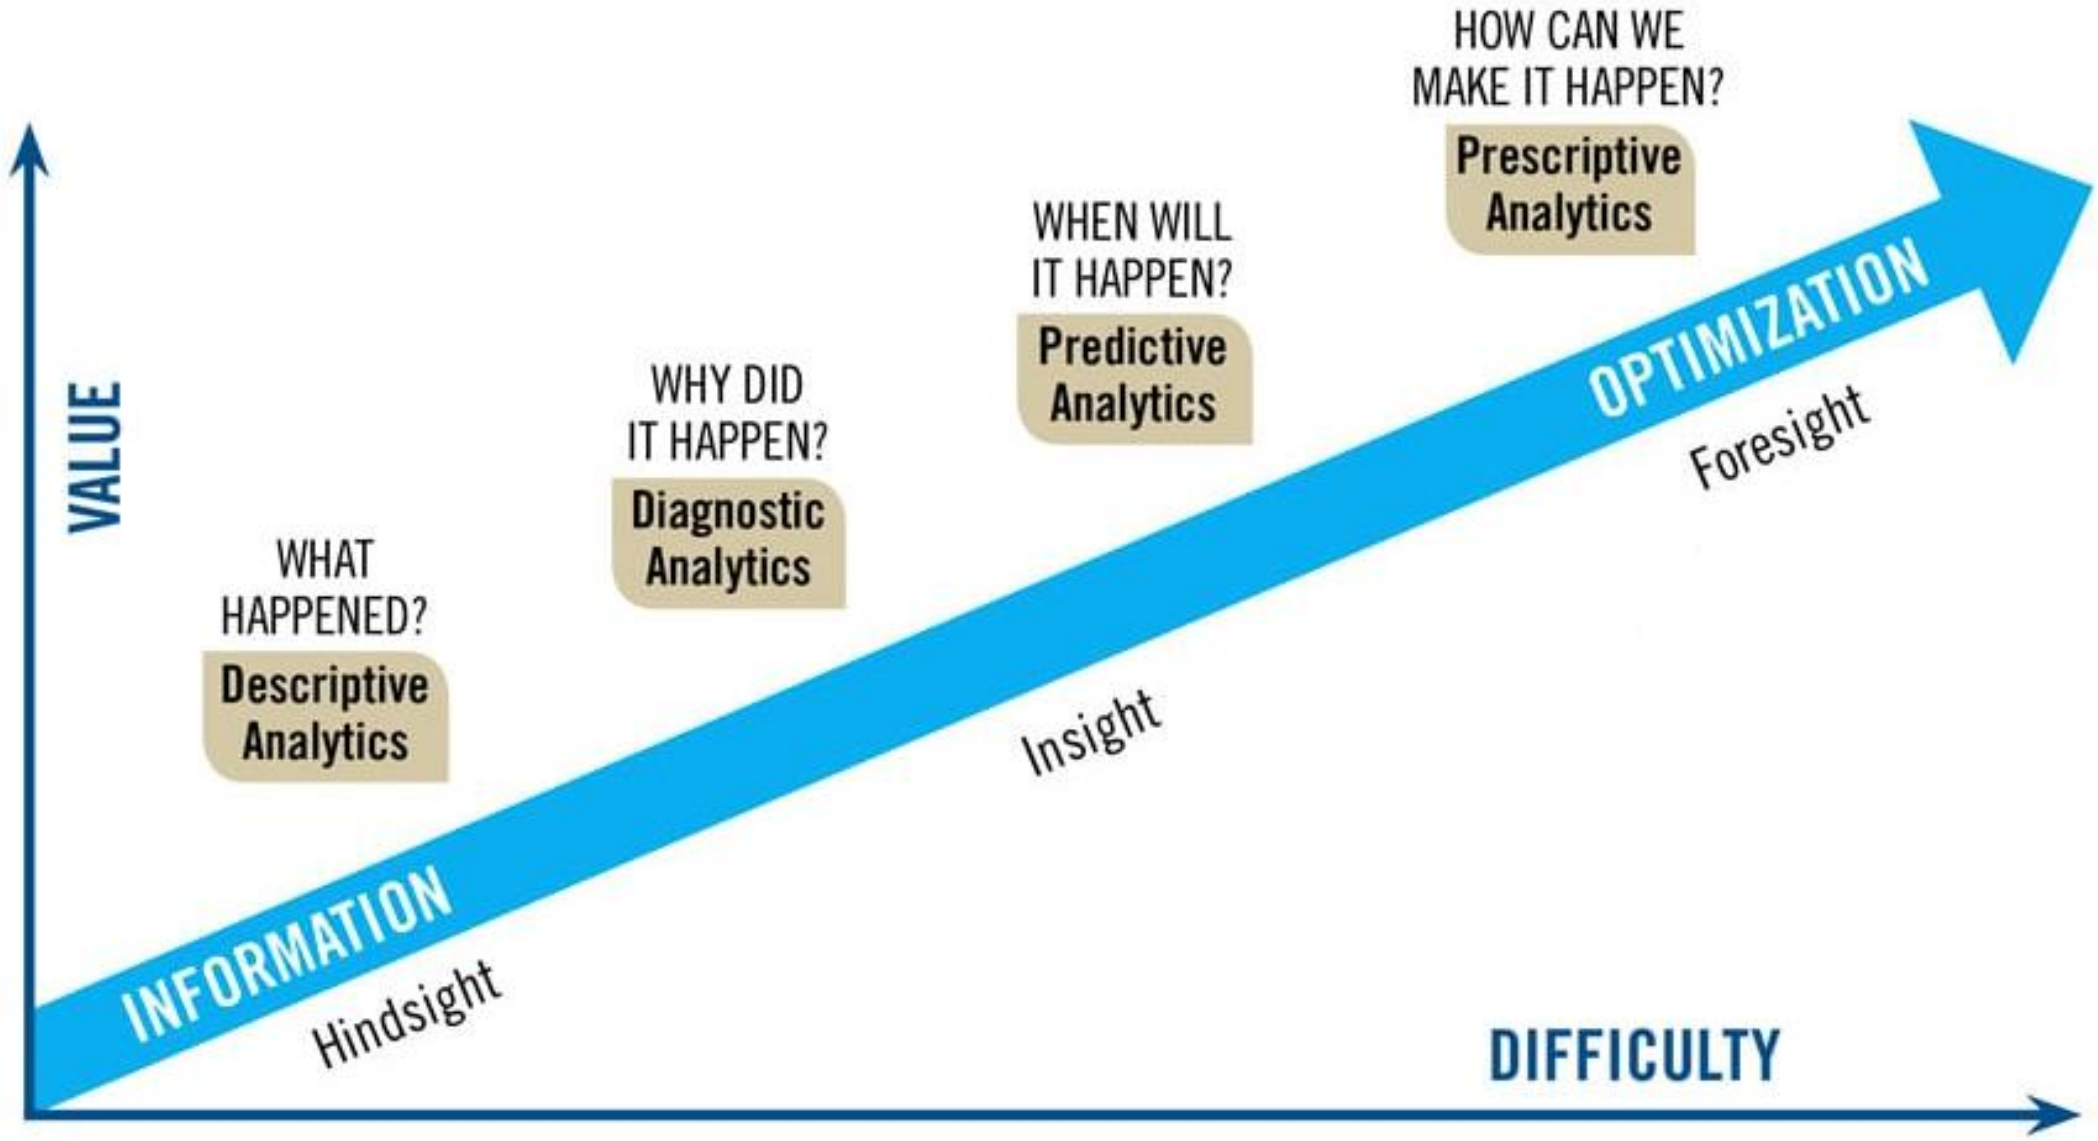
ADVOCATE. ACT. ADVANCE.

9/22/23

Key Principles

- Recovery Changes LIVES
- We have all seen powerful personal recovery stories
- Data tells the story of recovery in people, communities, regionally, and nationally
- RDP helps to inform the Recovery Movement through data analytics.

Data Analytics



Recovery Data Platform – Background

History

- RDP was developed to meet the unique needs of RCOs and other recovery support providers
- Designed to enhance therapeutic alliance
- Aggregation/segregation of data on recovery outcomes
- 2.0 version was developed and launched with feedback from existing customers

RDP Features

- **Meaningful data across levels of participation**
  - Guest
  - Participant/Family
  - Partner/Organization
- **Participant record captures**
  - Basic information and demographics
  - Intake information – Physical & Behavioral Health, Socio-Economic and more
  - Support & Service logs
  - Outcomes measurements – Assessments, Recovery Planning, Referrals Tracking
- **Other data points**
  - Activity Logs for recovery meetings, social activities, etc.
  - Materials distribution tracking
  - Reporting
  - Customization features

Trends & Responses

Increasing Data needs

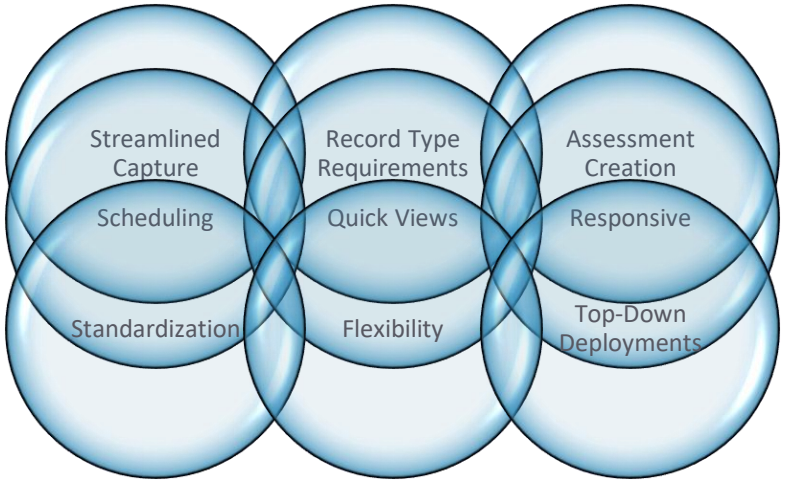
- More required elements
- Additional Tools
- Variations in Programs

Increasing Mechanisms

- Mobile Applications
- Participant Portals
- Customizations
- Flexibility

Improvements

- Robust Reporting
- National Data Sets
- Research Projects
- Informed Systems



RecoveryNet

- **Peer Specialists**
  - Networking
  - Continuing Education
  - Meet with Participants Virtually

- **Providers**
  - Fidelity
  - Enhanced Data Capture
  - Organizational Support
  - Empower Staff

- **State Agencies**
  - Build and Enhance Recovery Infrastructure
  - Workforce Development
  - Data, Data, Data
  - Reduce Hesitancy in Peer Adoption

Discussion

- What has worked in your RCC to make data collection easier?
- How do you talk with RCC participants about collecting data?
- What data pieces do you find most valuable?
  - Service utilization.
  - Demographics of participants.
  - Self-report on levels of craving.
  - Increase in recovery capital.
  - Social engagement.
- What worries do you have about RDP or similar data capture platforms?

Thank you – and see you soon!
